Dear [REDACTED]

I am sorry to be so slow in meeting my obligations to you. Enclosed is a reproduction of the Viewgraph material that Mr. Aaron Rosenthal used in his discussion of the budget cycle. My efforts to find a brief presentation of significant financial legislation and practice have not been very rewarding. The two things I can suggest are:

1. U. S. Congress, Senate Document #11, 87th Congress, 1st Session, Committee on Government Operations Financial Management in the Federal Government. Superintendent of Documents, \$1.00.
2. The Joint Financial Management Improvement Program, Annual Report 1962. Bureau of the Budget

The first of these gives a comprehensive background, and a second deals with current developments. Both are written in a very readable style, but fail to meet my standard of brevity.

Sincerely yours,

David E. Shirley
